

Dear FCC Commissioner, et al:

I respectfully urge you to reject the National Association of Broadcasters (NAB) petition 04-160.

It is appalling that the NAB would stoop to such a ruse, when Instant Traffic and Weather, allows a driver to make decision that can save time and fuel, and be aware of unfortunate situations that sometimes arise due to inclement weather.

Clearly, we need to promote the use of better technology, easier access to uncluttered audience-centered communications that can reach people when they need it.

Your continued courtesy is most appreciated.

Sincerely,

Thomas M. Brett
